ARTIFICIAL FERTILIZERS

These are chemical substances manufactured in factories to provide the required plant nutrients

next

Types of artificial fertilizers

- ▶ **Straight fertilizers**
- ▶ **Compound fertilizers**

next

STRAIGHT FERTILIZERS

These are fertilisers that supply only one primary plant nutrient.

The three primary plant nutrients are:

❖ **Nitrogen**

❖ **Phosphorus**

❖ **Potassium**

next

Examples of straight fertilisers

- ❖ **Urea**
- ❖ **Ammonium sulphate**
- ❖ **Potassium sulphate**
- ❖ **Potassium chloride**
- ❖ **Calcium nitrate**
- ❖ **CAN**
