.....

.....

CamScanner

SECTION B: 50 MARKS

Questions **51** to **55** carry ten marks each.

51. Read the passage below carefully and then answer, **in full sentences**, the questions that follow.

Whenever the year is about to end, especially on the 31st December of every year, our sub-county local leaders organise an end of year party for all the natives to bid farewell to the current year and welcome the new year in style.

It was the same case last year, 2025. The end of year party was organised chiefly by Mrs Luzzi Sarah, the LCIII chairperson of our sub-county, Mweya sub-county. The chief guest was the Member of Parliament, Kisiki West Constituency.

The majority of the attendees were the youths, who mainly were there to enjoy the disco and meals.

Usually, the elderly come to listen to the motivating speeches from the chief guest and any other speakers.

This provides the natives with many opportunities to plan ahead of the new year and also determine their failures and strengths in the previous year.

During this party, the natives especially the youths are encouraged to work hard, cooperate and also promote peace in their communities.

By doing this, the community has realized some development and this has been so due to their hard work and cooperation in whatever they do. The natives have started engaging in developmental projects like carpentry, welding and agriculture.

They borrow money from their local bank, Agali Awamu Bank. The bank charges them very little interests. In fact, there is a reduced rate of crimes in this sub-county.

Most people who would get involved in criminality are always working very hard to bring joy to their community and also realize improved welfare at their homes.

CamScanner

Questions

(a) How often does the writer's sub-county have an end of year party?

.....

.....

(b) Why does the writer's sub-county organize an end of year party?

.....

.....

52. Read the poem below carefully and then answer, **in full sentences**, the questions that follow.

Many of you run to me
Whenever you're having journeys
Be it short or long
I'm always called for the job.

But never should you forget
That I also sometimes get thirsty
So, don't forget my drink, driver
Without it, you can't reach your destination.

Remember to fasten the safety belt
To keep safe in your seat as you travel
Try to move me carefully
Or else you will get an accident.

Call the mechanic when I fall sick
He knows the right dose I deserve
After making the right study of the fault
Then I will simplify your work without complaining

Achilles Prince

a) Who is speaking in the poem?

.....

11th November 2023

The Human Resource Manager,
Rider Hotel
P. O. Box 111,
Mukono

Dear Sir/Madam,
Re: **APPLICATION FOR THE JOB OF A CLEANER**
I humbly write to your office applying for the job of a cleaner in your hotel.

I am a male Ugandan aged 12 and I have just completed my primary Leaving Examinations. I have made this decision because I shall be free in my vacation. I want to be busy during this time so that I can raise some money for shopping as I join senior one next year. I am a hardworking boy and dedicated to any task assigned to me.

For more information, I refer you to the following

Mr Lugemwa Amos	Ms. Wanyoto Lydia
Head teacher –Muni P/s	Director of studies. Muni P/s
0779414122	0703112244

I shall be very grateful if my application is given your utmost and parental consideration.

Yours faithfully,
Mukisa Paul

4. If  represents 12 pineapples, how many pineapples are represented by  ?

5. Workout the Least Common Multiple (LCM) of 8, 9 and 14.

CamScanner

6. Use a pair of compasses and a ruler only to construct an angle 120^0 in the space below.

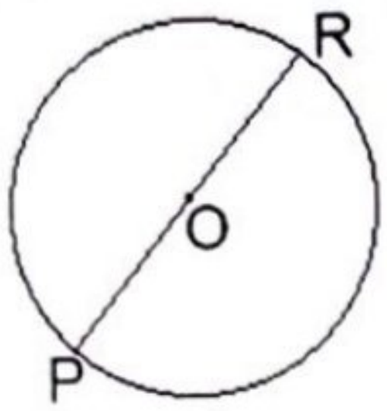

7. Given that m = 0.5 and n = 6, find the value of mn + 4n

8. Find the average of; 8, 12, 4, 5 and 1.

9. Kavuma bought five bottles of milk of size 250ml each. How many litres of milk did he buy?

CamScanner

10. A nursery school has a round play field shown below on which children do their physical studies. O is the center of the field and PR = 28 metres.

If children run round the field twice, what distance do they cover?
(Take $\pi = \frac{22}{7}$)

11. Write 4,306 in words.

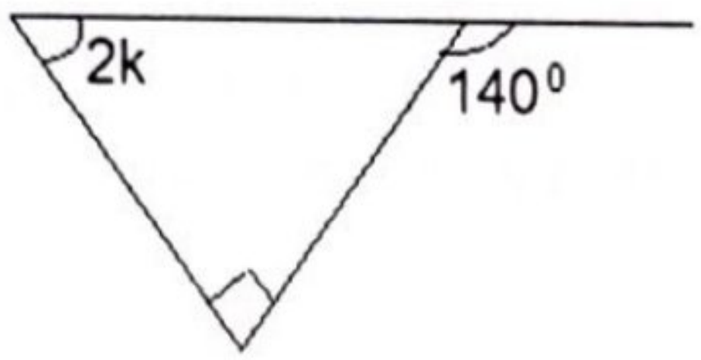

.....

.....

12. A family invited 15 guests for a birthday party. Each of the invited guests was given a bottle of soda of sh.1,000 and a doughnut of sh.500. Find the total amount of money spent on the invited guests.

CamScanner

13. In the diagram below, find the value of k.

14. A hawker bought a pair of Croc shoes at sh.4,000 and later sold them at sh.4,500. Express his profit in terms of percentage.

15. Simplify: 6b – 4c + 5c – 5b.

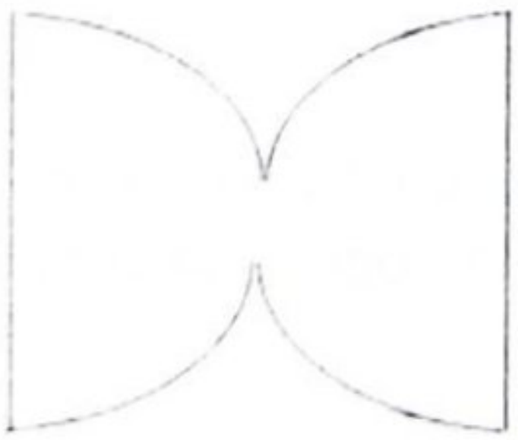

16. Omara withdrew some money from the bank and he was given five-thousand-shilling notes numbered consecutively from AP534201 to AP534300. Find the amount of money withdrawn by Omara.

CamScanner

17. A taxi carries 14 passengers while a coaster carries 29 passengers. A national boxing team needed the two vehicles for two journeys each in order to transport the team's players and officials. Calculate the total number composition of the team.

18. The cost of 5 counter books is sh.30,000. Find the cost of four similar counter books at the same rate.

19. Show all the lines of folding symmetry in the figure below.

CamScanner

20. Convert 18 kilometers per hour (km/h) to meters per second (m/s)

SECTION B: 60 MARKS

Answer all questions in this section

Marks for each question are indicated in brackets.

21. In a school, the bells for primary section and nursery section ring at intervals of 50 minutes and 30 minutes respectively. The bells are rung for the first time at 7:30 a.m.

a) At what time will the two bells be rung together for the second time? (04 Marks)

b) How many times does the bell for nursery section ring before they ring together? (02 Marks)

CamScanner

24. a) Workout: $3\ 1\ 2_{five}$ (02 Marks)

$\underline{-\ 1\ 2\ 3_{five}}$

b) Given that: $14_{ten} = 32_m$, find the value of m (03 Marks)

25. A woman got a school fees loan from opportunity bank at a 20% interest rate p.a. After five months she paid an interest of Sh. 80,000 to the bank. Calculate the amount of the loan. (03 Marks)

CamScanner

22. A family of six children and some adults went for a family tour. Each child paid sh.25,000 for transport while sh.35,000 was paid per adult. If Sh.290,000 was enough to meet their transport cost. Calculate the total number of adults who went for the family tour.

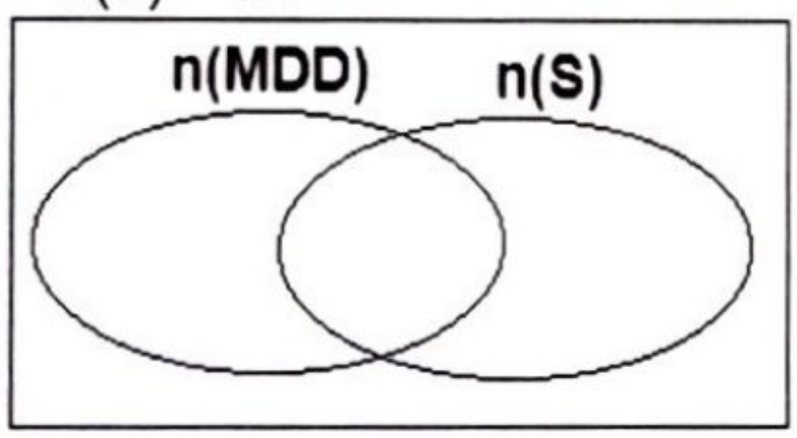

(04 Marks)

23. A class has 24 boys. 10 boys participate in Music, Dance and Drama (MDD), and 12 participate in sports (S), e boys take part in both activities while 7 boys neither participate in MDD nor sports.

a) Complete the Venn diagram below with the above information.

(03 Marks)

$n(\varepsilon) = 24$

b) Find the number of boys who do not participate in sports.

(03 Marks)

CamScanner

26. A milk salesman collected milk from a farm in a cylindrical milk can of diameter 14cm and height 100cm. He later sold the milk at Sh.2000 per liter. Calculate the total amount of money collected from the whole milk can. (Use $\pi = \frac{22}{7}$) (04 Marks)

27. Workout: $\frac{5.72-2.12}{0.3\ x\ 0.12}$ (04 Marks)

CamScanner

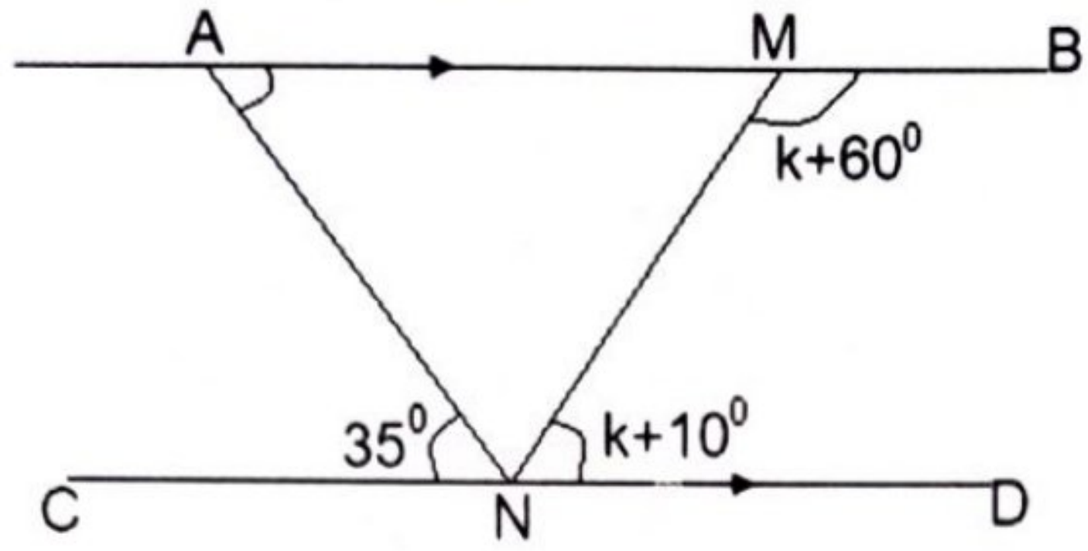

28. Three girls, Kisakye, Angel and Gift shared sweets in the ratio 6:5:9 respectively. Kisakye got 18 sweets.

a) How many sweets did the three girls share altogether? (04 Marks)

b) Express Angel's share as a percentage of the total share. (02 Marks)

CamScanner

29. In the diagram below, line AB is parallel to line CD. AMN is a triangle, angle BMN = k + 60^0 and angle DNM= k+10^0. Use it to answer the questions that follow.

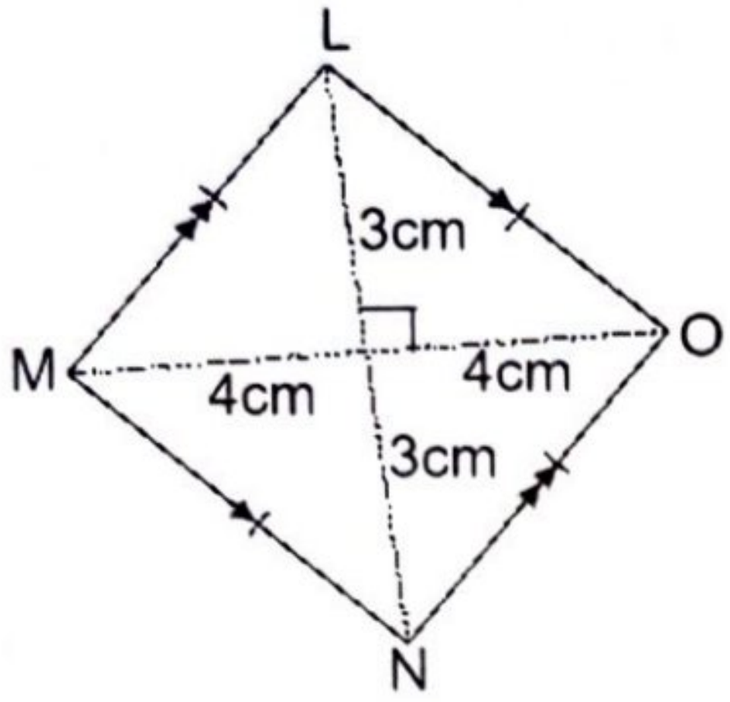

a) Find the value of k. (03 Marks)

b) What is the size of angle ANM? (02 Marks)

CamScanner

30. In the figure below LMNO is a rhombus. Diagonals LN and MO intersect at right angles. LN = 6cm and MO = 8cm. Study it carefully and use it to answer the questions that follow.

a) Find the area of the figure (03 Marks)

b) Workout the length MN. (03 Marks)

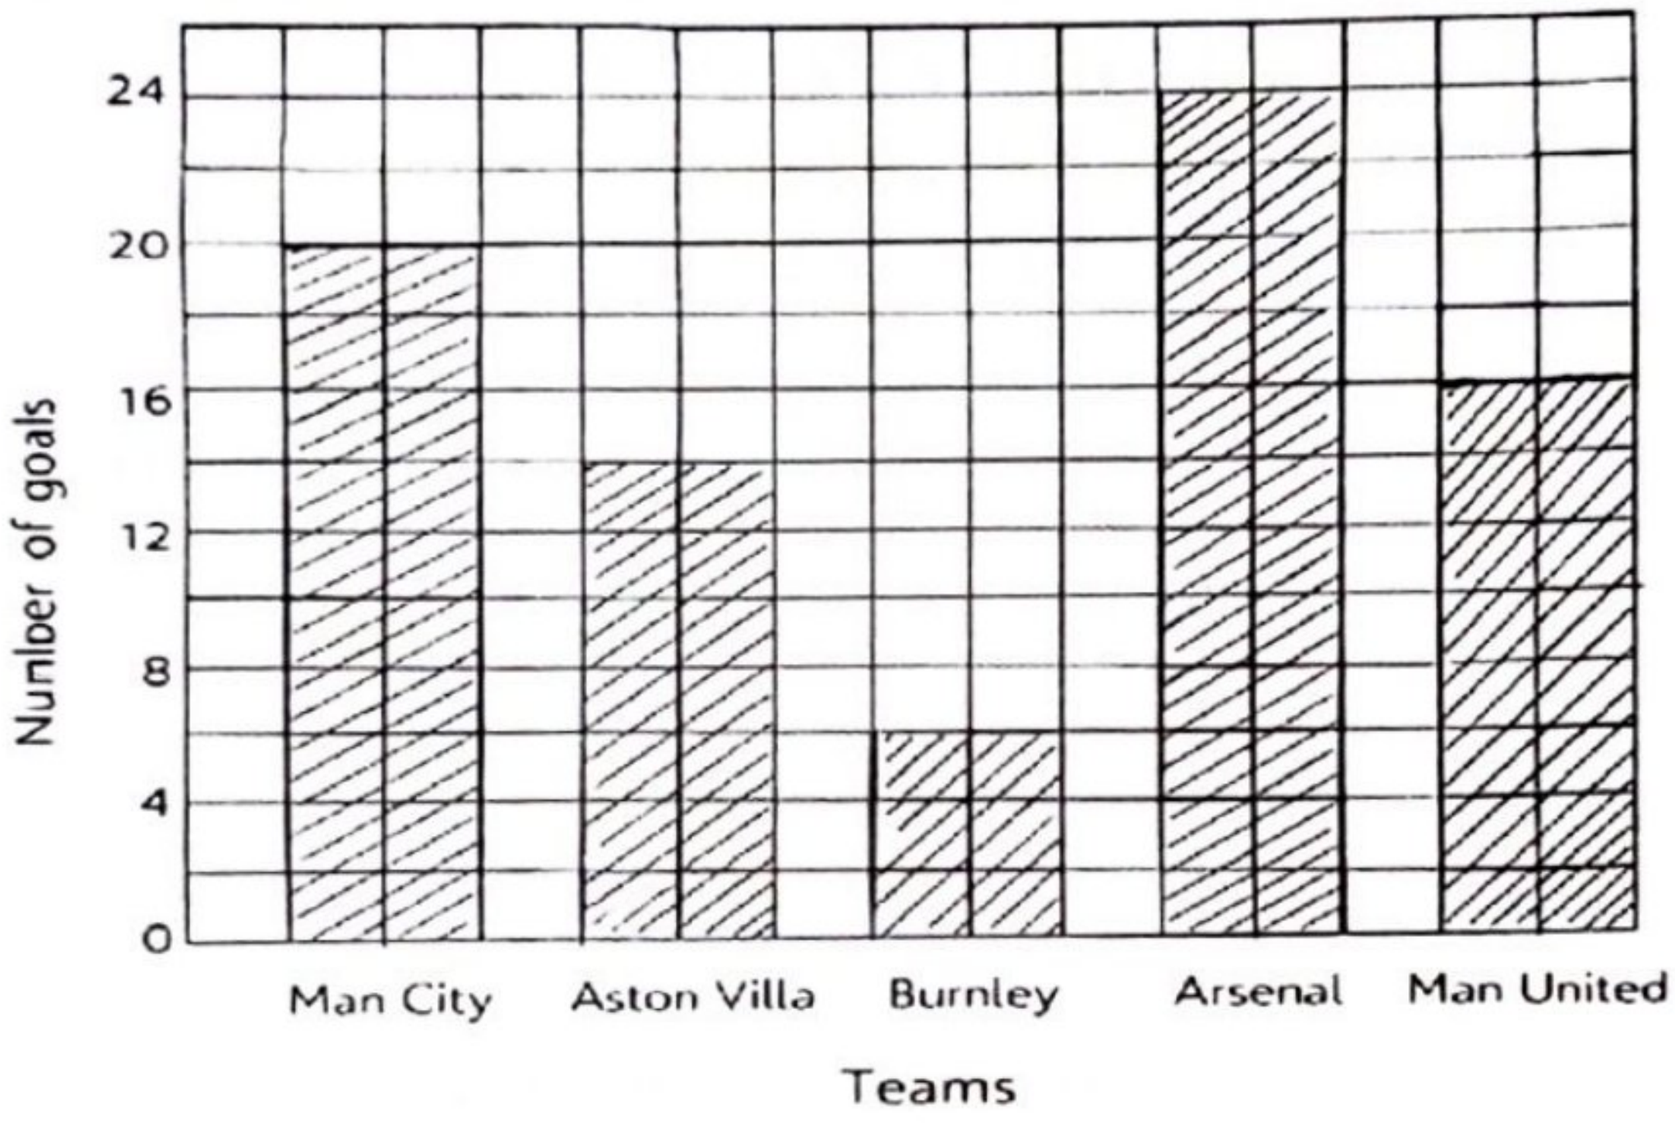

CamScanner

31. a) Using a ruler and a pair of compasses only, construct a triangle ABC in which length AB = 6.5cm, angle ABC = 60^0 and angle BAC = 45^0. (04 Marks)

b) Measure length BC = ... cm (01 Mark)

CamScanner

32. The bar graph below shows the number of goals scored by five English Premier League teams. Study it carefully and answer the questions that follow.

a) Name the team that scored fewest number of goals. (01 Mark)

b) Find the number of goals Aston villa scored (02 Marks)

c) Calculate the average number of goals scored by all the teams. (03 Marks)

END

District Name.....

Read the following instructions carefully

1. The paper has two sections: A and B. Section A has 40 questions and Section B has 15 questions

2. Answer all questions. All answers to both sections A and B must be written in the spaces provided.

3. All answers must be written using a blue or black ball-point pen or fountain pen. Any work written in pencil other than graphs and diagrams will not be marked

4. Unnecessary changes in work may lead to loss of marks.

5. Any handwriting that cannot easily be read may lead to loss of marks.

6. Do not fill anything in boxes indicated: **"For Examiners' Use Only"** and those inside the paper.

SECTION A: 40 MARKS

*Questions **1** to **40** carry **one** mark each*

1. Name the simple leaf found in a blackjack plant.

   .....

2. Give any **one** way in which honey is important to people.

   .....

   .....

3. Give any **one** method used to prepare a simple dish at home.

   .....

4. State the difference between freezing and melting.

   .....

   .....

The diagram below shows the structure of a human ear. Use it to answer questions **5** and **6.**

5. Name the part labelled **M**.

   .....

6. State the function of part labelled **N** to the human ear.

   .....

7. Name the type of teeth found at the corner of the mouth.

   .....

CamScanner

8. State any **one** way of keeping the digestive system in its normal working condition.

.....

.....

9. State **one** way in which bones are important during blood circulation.

.....

.....

10. Give any **one** role of a School Health Club in the promotion of personal hygiene among school children.

.....

.....

11. State **one** reason why a boat floats on water.

.....

.....

12. State any **one** effect of smoking to the family.

.....

.....

13. Give any **one** way in which Primary Health Care (PHC) is an important programme to the community.

.....

.....

14. State any **one** activity done to seedlings during hardening off.

.....

.....

15. Give any **one** way of conserving charcoal at home.

.....

.....

16. Name the germ that causes malaria to people.

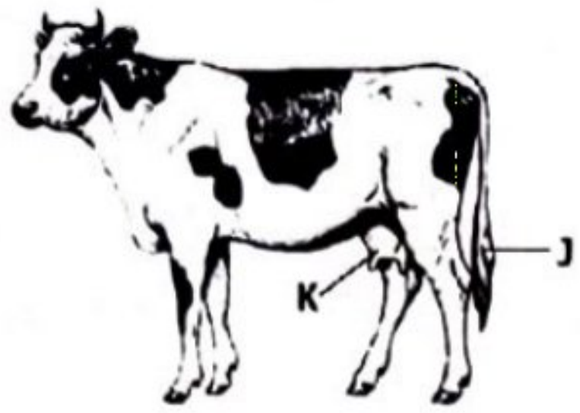

.....

CamScanner

17. Name the type of weather that requires the use of gumboots.

.....

The diagram below shows external features of a cow. Study it and answer questions **18** and **19**.

18. Name the part marked **K**.

.....

19. State the importance of the part marked **J** to a cow.

.....

.....

20. State any **one** way of controlling near drowning at home.

.....

.....

21. Name any **one** connective tissue found at the joint.

.....

22. Give any **one** condition that can lead to short circuit.

.....

.....

23. State any **one** way of controlling hookworm infestation in humans.

.....

.....

24. Mention any **one** method used when washing clothes.

.....

.....

CamScanner

32. State any **one** way in which smoking reduces bad smell in the latrine.

.....

.....

33. Mention any **one** way in which the skin regulates body temperature on a cold day.

.....

.....

34. Give any **one** characteristic of forms of energy.

.....

35. Give **one** way in which bacteria are harmful to a crop farmer.

.....

.....

36. Mention any **one** method of heat transfer in matter.

.....

37. Give any **one** condition necessary for plants to make food.

.....

38. Name any **one** type of lice that affect human beings.

.....

39. State any **one** reason why drugs should be kept away from children's reach.

.....

.....

40. Name the part of the sheep removed during docking.

.....

CamScanner

25. Give any **one** reason why it is advisable to brush teeth using toothpaste.

.....

.....

The diagram below shows a bird. Use it to answer the questions **26** and **27**.

26. Identify the group of birds to which the bird above belongs.

.....

27. State any **one** characteristic of the group of birds to which the bird above belongs.

.....

28. State any **one** way in which dysentery spreads to people.

.....

29. State any **one** way in which school children can care for their brain.

.....

.....

30. Give any **one** way in which the physical exercises are important to the human body.

.....

.....

31. Give **one** way in which a pine plant is similar to a moss plant.

.....

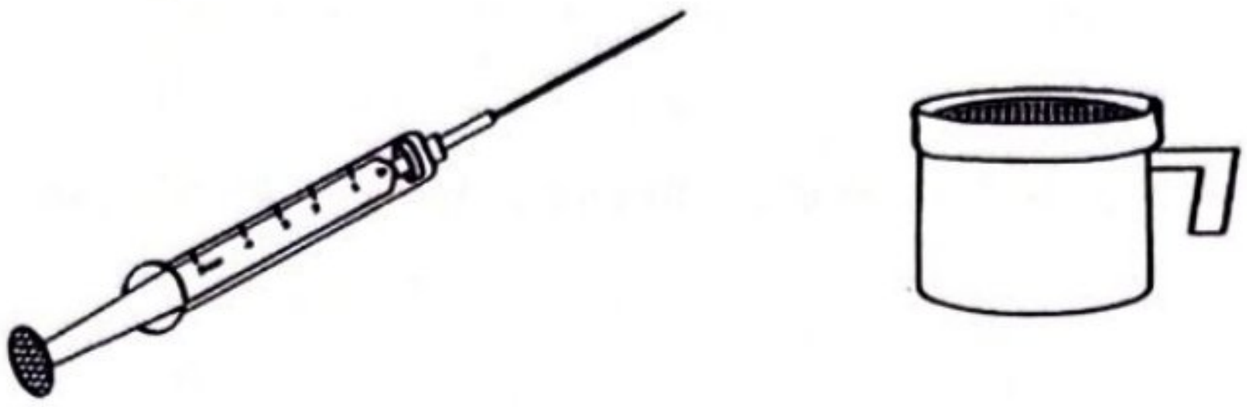

.....

CamScanner

SECTION B: 60 MARKS

Questions **41** to **55** carry four marks each

41. The diagrams below show equipment used in cattle management. Study and use them to answer the questions that follow.

x

Y

(a) Identify the type of cattle that requires the equipment **Y**.

.....

(b) Give the function of the equipment marked **X** and **Y**.

(i) **X** .....

(ii) **Y**.....

(c) State any **one** good practice of using the equipment above.

.....

42. (a) Name the type of life cycle that the following insects undergo;

(i) grasshopper.....

(ii) butterfly .....

(b) Give any **two** ways of identifying insects.

(i) .....

(ii) .....

43. (a) Give the meaning of the following terms;

(i) Balanced diet:

.....

(ii) Malnutrition:

.....

CamScanner

(b) State any **two** reasons why people eat food.

(i) .....

(ii) .....

44. (a) Write down any **two** compositions of blood.

(i) .....

(ii) .....

(b) State any **two** ways of increasing the volume of blood in the human body.

(i) .....

(ii) .....

45. (a) Name the solar equipment that absorbs sunlight.

.....

(b) Explain how the use of solar energy for cooking helps to conserve the environment. (02 Marks)

.....

.....

(c) Give any **one** device at home that uses solar energy.

.....

46. The table below shows terms used in keeping bees in part **A** and their meaning in part **B**.

A: Terms	**Part B: Meaning**
Stocking the hive	-Selecting suitable place for keeping bees.
Swarming	-Act of attracting bees in the hive using baits.
Hiving	-Movement of bees from one place to another.
Siting the hive	-Encouraging bees to occupy an empty hive.

CamScanner

Match correctly the bee keeping practices with their meaning in the spaces provided below.

(i) Stocking the hive.....

(ii) Swarming.....

(iii) Hiving .....

(iv) Siting the hive.....

47. **The diagram below shows a type of fertilisers. Study and use it to answer the questions that follow.**

(a) Identify the type of fertilisers shown in the diagram above.

.....

(b) Give any **one** advantage of using the type of fertilizers shown in the diagram above.

.....

.....

(c) State any **two** reasons why crop farmers are discouraged from over using the type of fertilisers shown in the diagram above.

(i) .....

.....

(ii).....

.....

CamScanner

48. (a) State any **two** ways in which people abuse drugs in the society.

(i) .....

(ii).....

(b) Give any **two** life skills that children can develop to safeguard themselves against drug abuse.

(i) .....

(ii) .....

49. (a) Name the agent of seed dispersal for;

(i) Jacaranda seeds :.....

(ii) Lotus seeds : .....

(b) State any **two** characteristics of seeds dispersed by animals.

(i) .....

(ii) .....

50. (a) Write down **two** forms of feeding babies on milk.

(i) .....

(ii) .....

(b) Mention any **one** problem that faced by the elderly people.

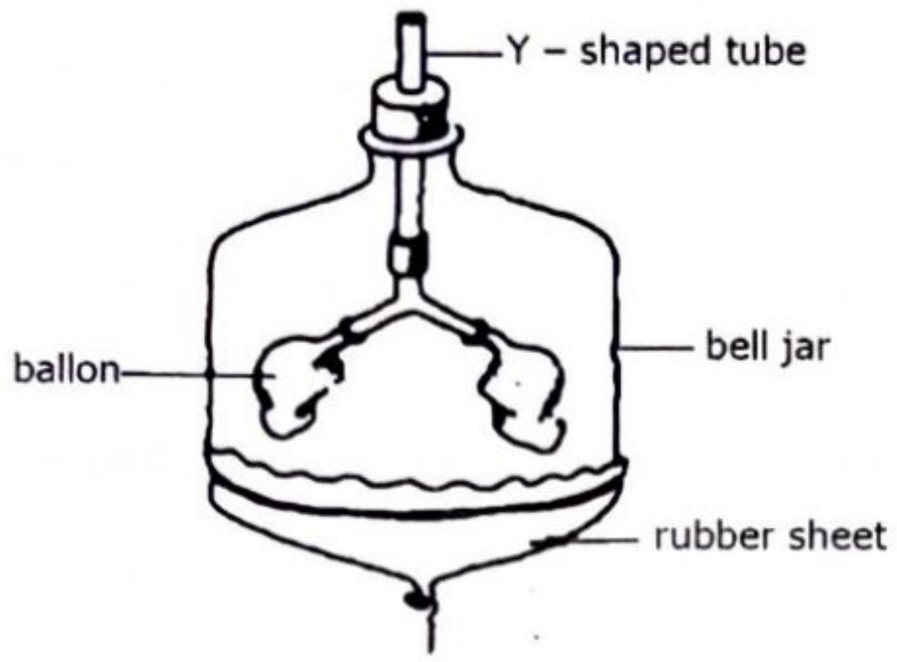

.....

(c) Give any **one** way of caring for the babies as vulnerable people.

.....

CamScanner

51. The diagram below shows an experiment done to demonstrate a certain human body system.

(a) Identify the human body system demonstrated by the diagram above.

.....

(b) State what the following parts represent in the human body;

(i) Y-shaped tube :

.....

(ii) Balloons :

.....

(c) State what happens to the balloons when the rubber sheet is pulled downwards.

.....

52. Jane was not feeling well. She decided to go for medical check where the doctor measured her body temperature and discovered that her body temperature had increased by 3^0C.

(a) State Jane's body temperature after measurement.

.....

(b) Change the Jane's temperature after measurement to Fahrenheit scale. (03 Marks)

CamScanner

53.(a) Give the meaning of the following terms:

(i) Weeding :

.....

.....

(ii) Gap filling :

.....

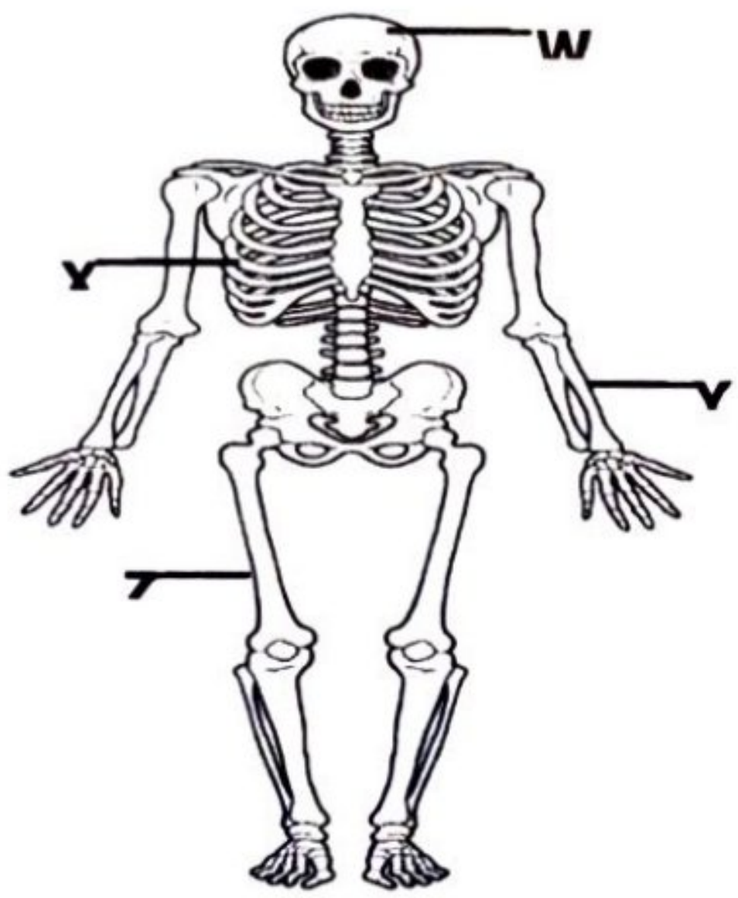

.....

(b) Give any **two** methods of weeding the garden.

(i) .....

(ii) .....

54. The diagram below is of a human skeleton. Study and use it to answer the questions that follow.

(a) Name the parts marked **Y** and **Z**.

(i) **Y** : .....

(ii) **Z** : .....

(b) State the protective function of the part marked **X** on the skeleton.

.....

CamScanner

(c) Which human body organ is found in the part marked **W** of the skeleton?

.....

55. (a) Name the component of air that legumes use to make plant proteins.

.....

(a) You are provided with the following materials;

Water, basin and glass

Describe an experiment to show that air occupies space.

(03 Marks)

.....

.....

.....

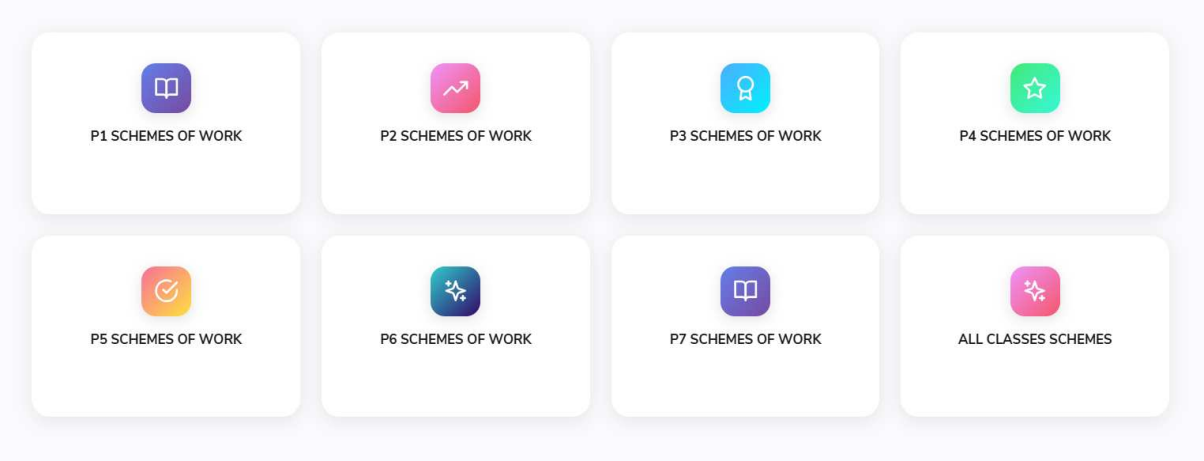

.....

.....

END
