MATHEMATICS

Time Allowed: 2hours 30minutes

Random No.						Personal No.		

Candidate's Name: .....

Candidate's Signature: .....

School Name: .....

Read the following instructions carefully:

1. **Do not** write your **district name** anywhere on this paper. This paper is made up of **two** Sections: **A** and **B**. This paper has **12 printed pages.**
2. Section **A** has **20** questions **40 marks** and Section **B** has **12** questions **60 marks.**
3. Attempt all questions. All answers to both sections **A** and **B must** be written in the spaces provided.
4. All answers **must** be written in blue or black ballpoint pen or ink but not in pencil. All work done in pencil, except diagrams, will **not** be marked.
5. Crossing out of answers and the handwriting that cannot be read will lead to loss of marks.
6. **Do not** fill anything in the table indicated for **"EXAMINERS' USE ONLY".**

FOR EXAMINERS' USE ONLY

44-46		
47-49		
50-52		
53-55		
TOTAL		

Section A: (40 marks)

Each question carries 2 marks

6. Fin

1. Multiply : 3 x 9 using repeated addition

2. Given that **set W** = $\varnothing$, how many subsets are in set **W?**

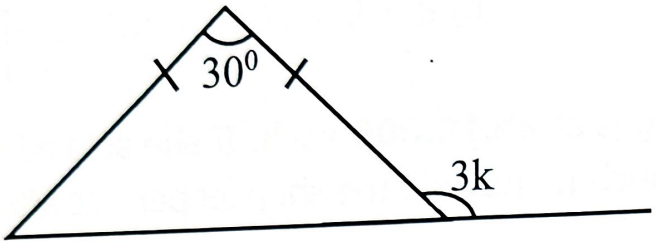

3. Hope packed a **60kg** bag of posho into **750g** packets. Find the number of such packets of **750g** Hope obtained from a bag of posho

4. A square flower garden has an area of **6.25m²**. Find the size of each side of the garden.

5. Write the number that has been expressed in standard form as **2.59 x 10^3** in Roman numerals.

©NEXA EXAMINATION BOARD 0764020232 or ✆ 0752884443

7. Find the value of k in the figure below

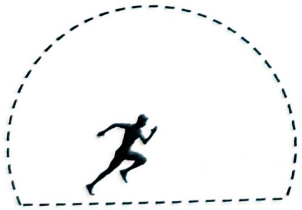

8. Find the minimum number of boys that can share **18** or **24** sweet leaving **5** sweets as a remainder

9. The median of a + 2, 2a + 3 and 3a + 4 is 9. Find the value of a.

10. A school bursar withdrew a bundle of 100 notes from the bank numbered consecutively. Given that the last note was numbered **MT649352**, find the num on the first note.

11. A shop keeper bought three trays of eggs at **sh.10,000** each. If she sold all the eggs and got a profit of $\mathbf{12\frac{1}{2}\%}$. How much money did the shopkeeper get after the sale of eggs?

12. An athlete run round a certain field twice and covered a distance of **72m** as shown below. Determine the radius of the field.

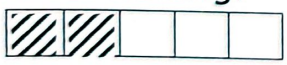

13. Express $\mathbf{0.7272}$ ... ... as fraction in its simplest form

14. Kenny covered 144km in 2 hours. Express his speed in metres per second.

15. Solve for **x** in: $4x + 2 = 5 \pmod 7$

16. If k = 0.8, m = 5 and n = 4, workout the value of $\frac{3mn}{k}$

17. The shaded region below represents the distance in kilometres Lionel covered while walking on a journey. If he covered 24km running, what distance did he cover walking?

18. Calculate the total surface area of the vertical walls of a four walled room that measures 8m in length, 6m in width and 10m in height.

19. A minute hand of a clock face made a complete turn to cover **44cm**. How long is the minute hand?

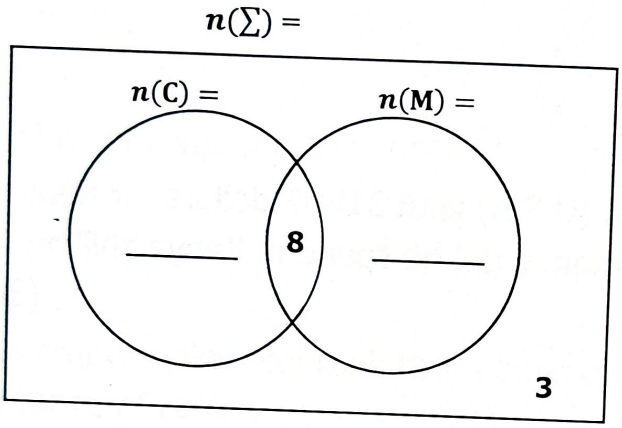

20. Without using a protractor, construct the angle of **105^0**.

SECTION B: 60 MARKS

Marks for each question are indicated in the brackets

21. At a birthday party, **(3x + 3)** guests were served with chicken (C) only, **(x + 5)** guests were served with meat (M) only, **8** guests were served with both chicken and meat while **3** guests were not served with any of the two dishes. If the number of guests served with chicken only was twice as much as those served with meat only,

(a) Complete the table below. (2marks)

(b) Find the value of **x**. (2marks)

(c) How many guests attended the party? (1marks)

22. On his 4-day trip, Jonathan drove 2 more km every day and covered 72km at the end of the trip. If he covered $x$km on the third day,

(a) Find the product of kilometers he covered on the third and fourth days respectively. (5marks)

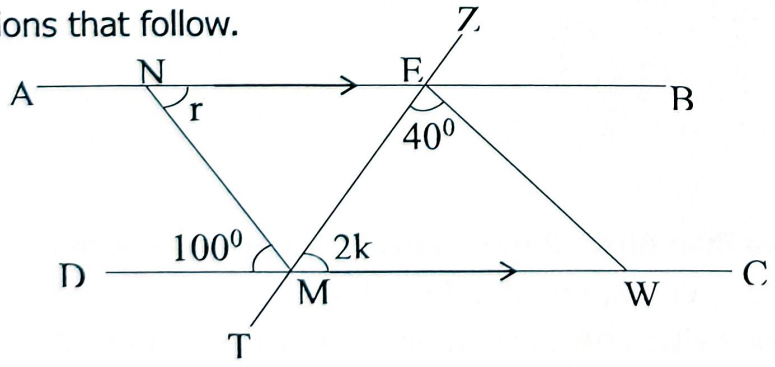

23. Study the exchange rates below and answer the questions that follow

Currency	Buying Rate	Selling Rate
3 US Dollar ($)	Ugsh 10800	Ugsh 11400
2 Kenya shilling	Ugsh 64	Ugsh 70

(a) A business man travelled to Kenya with Ugsh 700,000 and bought a television set. How much Kenya shilling did he pay? (2marks)

(b) Gideon left United States of America (U.S.A) with 315US dollars for Kenya where he bought some items. How much money did he spend in Kenya shilling if he used all the money? (3marks)

24. In the figure below line AB is parallel to line DC, angle DMN = 100^0, angle MEW = 40^0, while angle MWE is twice angle MEW. Study it carefully and answer the questions that follow.

a) Find the value of **k** (3marks)

b) Find the size of angle **r**

(2marks)

25. Given that 5 years ago Mr. Daniel was thrice the age of his daughter Maria, find how old the daughter is now if the sum of their present ages is 46 years

(3 marks)

(a) How old was the father then? (2 mark)

26. An empty cylindrical tank has a base area of $154m^2$. The tank was rolled through a distance of 8.8km.

(a) How many revolutions did the tank make to cover the whole distance?

(5 marks)

27. The frequency table below shows the marks scored by some pupils in a mathematics test

Marks Scored	82	74	60	85
Number of Pupils	3	1	P	4

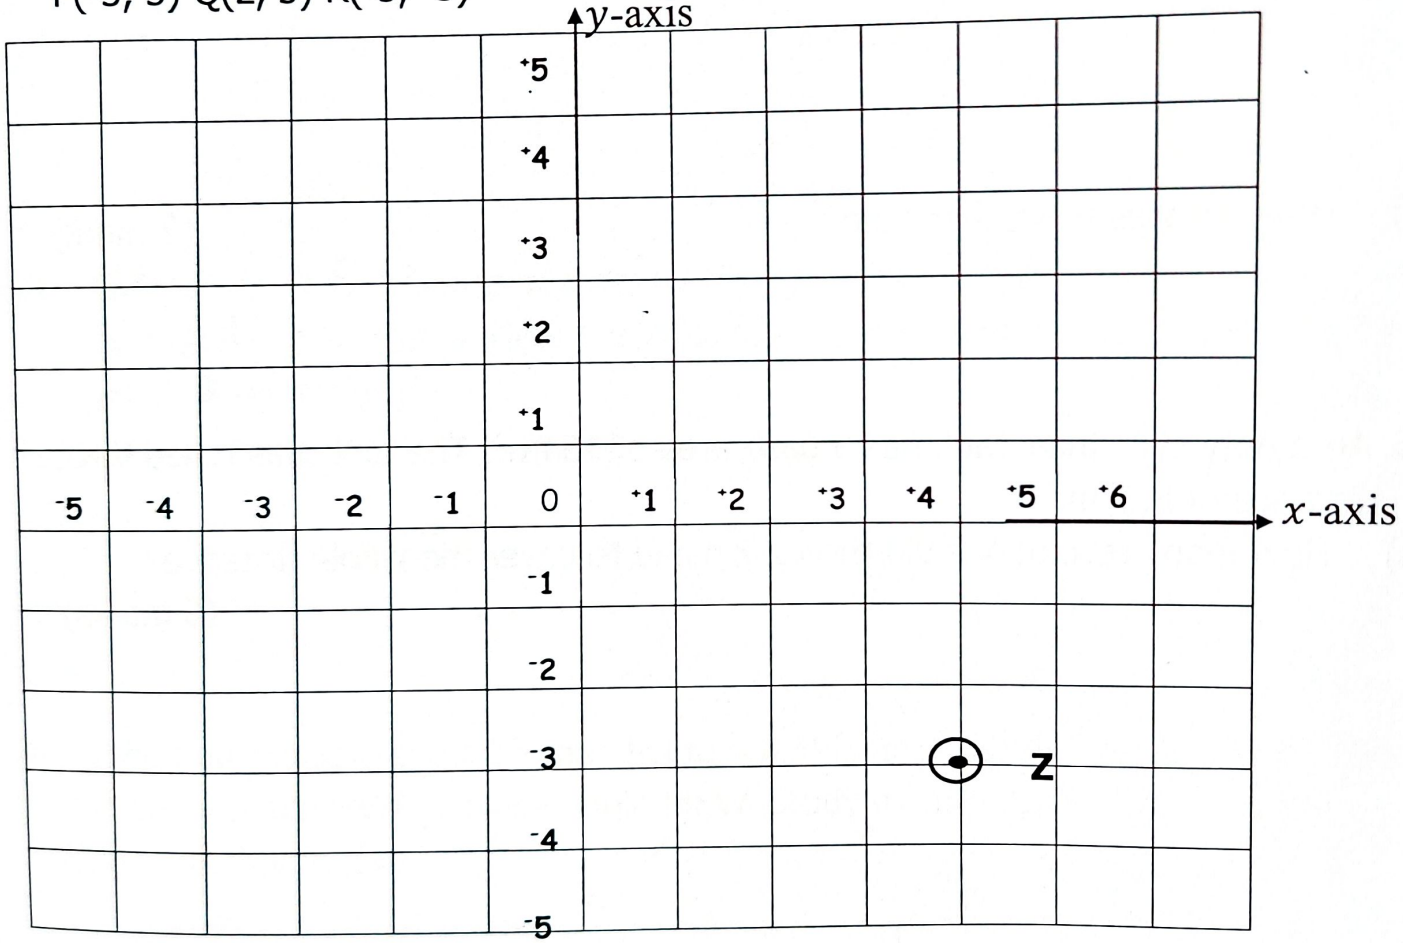

(a) Find the value of **P** if the mean mark was **78.** (3marks)

(1mark)

(b) How many pupils did the test?

28. Plot the following co-ordinates on the grid below.

P(-3, 3) Q(2, 3) R(-5, -3) (3marks)

a) Write down the coordinates for point **Z**(1mark)

.....

b) Join and name the polygon formed.(1mark)

.....

mark)

29. In a test of **20** questions given by Teacher, he awarded **5** marks for every correct response given and deducted **2** marks for every wrong response given.

(a) If Mary got 44 marks, how many questions did she fail? (4 marks)

30. A motorist left town **M** at 7:30am driving through a distance of 120km at a speed of 60km for every one hour to town **N**. He rested for half an hour at town **N** and continued for another 150km to town **P** where he reached at 11:30am. If he spent 180 minutes at town **P** and then drove back from town **P** directly through town **N** to town **M** driving at a steady speed of 90km for every one hour

(a) At what speed was he moving from town **N** to town **P**? (2marks)

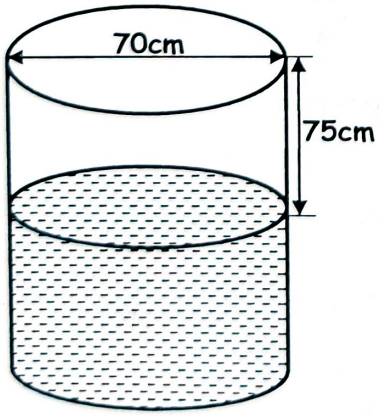

(b) Calculate his average speed for whole journey. (4marks)

31. Using a pair of compasses, a ruler and a sharp pencil construct only, the quadrilateral ABCD where angle A = 135^0, line AB = 6.5cm and line AD = 5cm. ***Drop a perpendicular line from D to meet line AB at point K***

(4 marks)

(c) Calculate the area of the figure formed. (2 marks)

32. The cylindrical tank below is $\frac{4}{7}$ full of water. How many litres are in the tank?

(5marks)

SECTION A: 40 MARKS

1. Mention the health document that shows immunization schedules to mothers. 2

.....

2. State the method of heat transfer which occurs in liquids.

.....

3. Mention **one** part of a tooth that is not cleaned during brushing.

.....

4. Give **one** reason why farmers enclose their cattle in a cattle crush during spraying.

.....

5. Give **one** use of fungi that reproduce by budding.

.....

The diagram below shows a mean of road transport use it to answer question **6**

6. Give one advantage of using the above mean of transport on dusty roads over other motorcycles.

.....

7. Name **one** germ that causes the disease that attacks the udders of goats.

.....

8. State **one** example of a record that traces the number of eggs laid on a farm.

.....

9. Mention **one** part of a tree that controls soil erosion.

.....

10. Give **one** way of propagating pineapples besides the use of crown.

..... 3

11. State the material used to gently lower the irregular object in the overflow can.

.....

12. Mention the element of PHC that is promoted by making posters , dramas and talk shows.

.....

13. Give **one** way of collecting information during a health survey.

.....

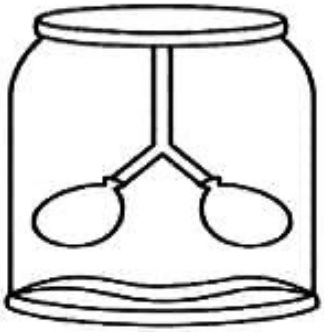

14. Give **one** benefit of pouring oil on stagnant water around houses.

.....

15. Mention the safety device put on tall buildings to protect them against lightning.

.....

The diagram below shows a model of the respiratory system. Use it to answer question **16** and **17**.

©NEXA EXAMINATION BOARD 0764020232 or ✆ 0752884443

.....

17. State the type of breathing illustrated above.

.....

18. State **one** sign of bilharzia infestation to a person.

.....

19. Give **one** advantage of timely removal of urine from the kidney.

.....

20. Name **one** drug that leads to still birth in pregnant women when taken.

.....

21. Mention any **one** enemy of bees.

.....

22. Give **one** way in which rusting can be useful to crop farmers.

.....

23. State **one** way of reducing rusting in garden tools.

.....

24. Name any **one** method of grazing cattle where pasture land is divided into small sections.

.....

25. Mention the type of change that results from soil erosion.

.....

26. State **one** way in which the vacuum seal help to maintain the temperature of the liquids put in the flask.

.....

27. Mention **one** body change that is prevented when adolescents bathe regularly.

.....

©NEXA EXAMINATION BOARD 0764020232 or ✆ 0752884443

28. Give **one** effect that results from emotional changes to adolescents.

.....

29. Mention **one** property of light that enables soldiers to use periscopes.

.....

30. State **one** optical instrument used when dressing.

.....

31. Give **one** way in which primary seven learners can conserve their school compound.

.....

32. Mention any **one** challenge that people face when collecting food from gardens.

.....

33. State **one** way how school going children protect themselves from germs when cleaning the school.

.....

34. Name the part of the digestive system where food is turned into ch

5

.....

35. Give **one** way in which magnets can be used to produce electricity.

.....

The diagram below shows a mechanical method of storing sound. Use it to answer questions **36** and **37.**

©NEXA EXAMINATION BOARD 0764020232 or ✆ 0752884443

36. Name the device used to store sound shown above.

.....

37. Mention **one** way of processing sound.

.....

38. Mention **one** way in which vaccines are different from drugs.

.....

39. State **one** practice done by farmers to influence rain formation.

.....

40. Give **one** way in which washing fruits control anaemia among people.

.....

SECTION B 60 MARKS

41. (a) State any **two** effects of charcoal making in the community.

(i).....

(ii).....

(b) Mention any **two** uses of charcoal in the community besides co

6

(i).....

(ii).....

42. The table below shows parts of the skin and their function. Study and match the parts correctly to their functions

Parts of the skin	Functions of parts of the skin
Erector muscles	Produce sweat
Sebaceous glands	Supply food and oxygen to the skin
Blood vessels	Keeps the hair standing
Sweat pores	Produces sebum

©NEXA EXAMINATION BOARD 0764020232 or ⊘ 0752884443

Erector muscles.....

Sebaceous gland.....

Blood vessels.....

Sweat pores.....

43. (a) State what happens when sand soil is poured on petrol fire.

(a) State the group of simple machine to which the above belong.

.....

(b) Give **one** way in which the above machine is useful to a farmer.

.....

(c) Mention **two** factors that reduces the efficiency of the above machine

(i).....

(ii).....

46. (a) State any **two** causes of near drowning in communities.

(i).....

(ii).....

(b) Mention any effects of accident to our bodies.

.....

47. (a) Give **one** way in which primary seven pupils can manage plastic bottles in the school compound.

.....

(b) State **two** importance of proper waste management.

(i).....

(ii).....

©NEXA EXAMINATION BOARD 0764020232 or ✆ 0752884443

(c) Apart from plastic bottles, name any other material that is harmful to the environment.

.....

48. Nakanjako inflated a netball ball at around 8:00 am. At around mid-day she used the same ball to play without inflating it again. During the playing, the ball suddenly increased in size and burst.
(a) Give a reason why the ball increased in size.

.....

(b) Mention any **two** disadvantages of expansion in the community.

(i).....

(ii).....

(c) State **one** way of avoiding the effects of expansion.

.....

49. (a) Mention any **two** importance of leaves to butterflies.

(i).....

(ii).....

(b) State any **two** ways plants avoid the effects of transpiration.

(i).....

(ii).....

52. (a) State **two** causes of refraction of light.

(i).....

(ii).....

(b) Give **two** dangers caused by refraction of light.

(i).....

(ii).....

53. (a) Mention the method of making alcohol that involves the use of a delivery tube.

.....

(b) Mention **two** medical uses of alcohol.

(i).....

(ii).....

(c) State **one** body organ that is immediately affected after taking ethanol.

.....

54. (a) Mention **one** vegetative method of planting onions.

.....

(b) State **one** adaptation of the onions to vegetative propagation.

.....

(c) Give **two** advantages of planting cassava using stem cuttings.

(i).....

(ii).....

5. The diagram below shows a girl waking bare footed in a wet area. Use it to answer the questions that follow.

(a) Mention **one** worm that the girl is most likely to get.

.....

(b) State **one** way how the above worm affects our bodies.

.....

(c) Give **one** cattle product that can be used to make protective gears against that worm

.....

(d) Mention the group of worms to which the above worm belong.

1. Name any **one** crop that grows well in wetlands.

.....

2. Give any **one** reason why the kings and chiefs were not interested in ending slave trade in East Africa.

.....

3. State any **one** reason why the road users are encouraged to follow road signs while using busy roads.

.....

4. How can community leaders encourage their people to store food for future use?

.....

5. Mention any **one** way the mining of phosphates has promoted the growth of agricultural industry in a country like Uganda.

.....

6. State any **one** way the government of Uganda has tried to fight poverty amongst the growing population.

.....

7. What does the term decentralization mean?

.....

8. Mention any **one** place in Uganda you as a P7 candidate would advice a tourist from Canada to visit in order to see hippos.

.....

9. How are the Sukuma different from the Sabiny in terms of ethnicity?

.....

.....

10. State any **one** effect of severe soil erosion to the environment.

.....

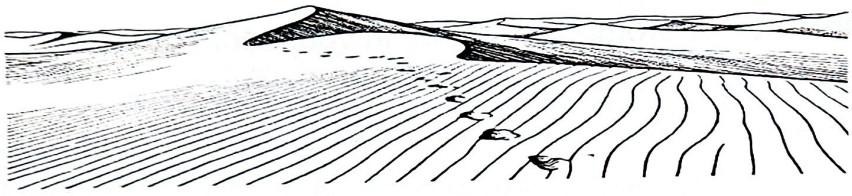

11. Mention the falls where Mungo Park drowned while trying to find the mouth of river Niger.

.....

12. The cape ranges and the Atlas Mountains were formed by folding. Name the forces that were responsible for the above process.

.....

Study the diagram below and use it to answer question **13**.

13. Why is the above tourist attraction not found in Uganda?

.....

14. Give any **one** effect resulted from the eviction of street vendors and traders along the main roads in Kampala.

.....

15. Name the continent that is not inhabited by people.

.....

16. Mention the means of transport that were commonly used by the traders during the Trans-Saharan trade.

.....

17. Write **FRELIMO** in full.

.....

18. Give any one responsibility of a lollipop to the education sector in Uganda.

.....

19 Mr. Kapale is a farmer at Bukesa village in central Uganda. He harvested **50 bags** of maize last season. After selling, he earned **1.5millions** and yet he used **1,650,000 ugx**. Name the type of budget operated by Mr. Kapale.

.....

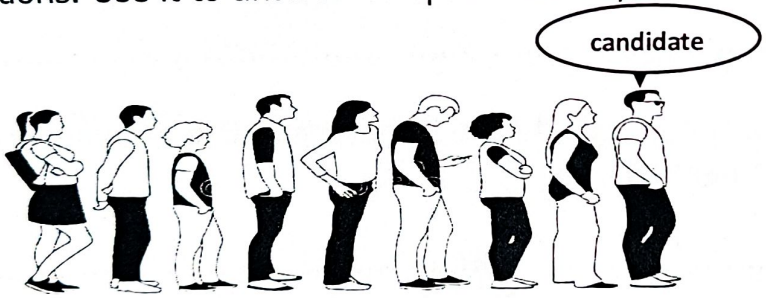

20.How are trees able to control landslides in mountainous areas of Africa?

.....

21.Mention any **one** way of promoting culture in your community.

.....

The diagram below shows how the chairpersons of **LC1** were got in the recent concluded elections. Use it to answer the questions **22, 23** and **24.**

22.Name the system of elections shown above.

.....

23.How did the system above contribute to the post election violence in the recent concluded elections of **LC1** chairpersons?

.....

24.Mention any **one** material that was used to carry out the above elations.

.....

25. State **one** way play materials promote unity amongst young children.

.....

26. Identify any **one** way vegetation cover influence rainfall distribution.

.....

27. The distance between **town A** and **town B** is **30cm**. If the scale is **1:20km,** calculate the actual ground distance between **town A** and **B.**

.....

28. Which group of people introduced banking system in Uganda?

.....

29. Name the instrument kept in a Stevenson screen used to measure humidity.

.....

30. How did HM Stanley help to contribute to the development of literacy in Uganda?

.....

31. Mention the country that had the first headquarters of **OAU.**

.....

32. Name the factor which marked the final collapse of the Bunyoro Kitara Empire.

.....

33. In the space below, draw a map symbol of **dam**.

34. Give the source of geothermal electricity.

.....

35. Name the feature that separates Africa from Europe's main land.

.....

For each of the questions **36** to **40**, answer **EITHER** for Christian **OR** Islamic question but not both. **No marks** will be awarded to a candidate who attempts both alternatives on a particular number

36. **EITHER**: Who was the first wife of Abraham?

.....

OR: Who was the first wife of prophet Ibrahim?

.....

37. **EITHER**: How was virgin Mary related to Jesus Christ?

.....

OR: How was Khadija related to prophet Mohammad?

.....

38. **EITHER**: Write **one** way of restoring peace amongst Christians today.

.....

OR: Write **one** way of restoring peace amongst Muslims today.

.....

FOR BOTH:

39. What do you understand by the term **Talent.**

.....

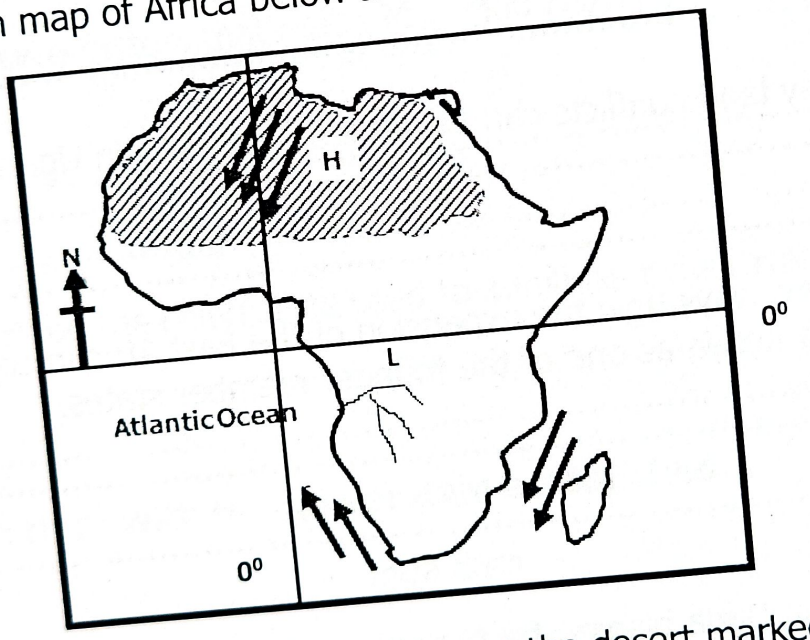

40. Give any one example of a talent that is used to serve God or Allah during the time of prayer.

.....

SECTION B: 60 MARKS

Questions **41** to **55** carry **four marks** each

41 Study the sketch map of Africa below and use it to answer questions that follow

a) What name is given to the winds that cause the desert marked **H**?

.....

b) Give the main water channel that separates Africa's main land from Madagascar.

.....

c) Use letter **Z** to locate the only city in Africa crossed by the major line of longitude marked **0⁰**.

d) Mention **one** factor that makes river **L** to carry the largest volume of water than any other river in Africa.

.....

.....

42 a) Give any **two** reasons why the colonial government introduced new land laws to the people of Uganda.

(i).....

.....

(ii).....

.....

b) Identify any **one** way how the new land laws introduced by the colonialists affected the natives.

.....

c) Name **one** way land conflicts can be settled peacefully in Uganda today.

.....

.....

43 (a) State any **two** ways how the expansion of the East African community (EAC) has benefited Kenya as one of the founder member states.

(i).....

(ii).....

(b) Why is Idi Amin Dada blamed for the collapse of East Africa Community (EAC) in 1977?

.....

(c) Name **one** department of the EAC that remained operating even after the collapse of the EAC in 1977.

.....

44. (a) Define a national budget.

.....

(b) Name the department under the Ministry of Finance Planning and Economic Development responsible for making a national budget in Uganda.

.....

(c) State the responsibility of the National Assembly in the budget making process.

.....

(d) Identify any **one** source of funds for the national budget to be covered in a financial year.

.....

45. (a) How did the kipande system affect the Kenyan natives during colonial time?

.....

(b) Mention any **two** factors that made Mau Mau rebellion to last for so long in Kenya.

(i).....

(ii).....

(c) Give **one** method the colonialists used to administer their rule in the different parts of Africa.

.....

46. **Match the river with the power dam established.**

River Niger	Inga dam
River Zambezi	Akosombo dam
River Volta	Kainji dam
River Congo	Kariba dam

River Niger: .....

River Zambezi: .....

River Volta: .....

River Congo: .....

47. (a) Mention any **one** economic activity carried out in the mediterranean region of Africa.

.....

(b) Name the prevailing winds responsible for the causing of rainfall in the mediterranean regions of Africa.

.....

(c) State any **two** countries that lies in the mediterranean region of Africa.

(i).....

(ii).....

48. (a) Write **IMF** in full.

.....

(b) State **two** ways IMF supports the economy of African countries.

(i).....

(ii).....

(c) Mention any **one** challenges faced by **IMF** while conducting its duties world wide.

(i) .....

.....

49. (a) How was the pan African Conference of 1958 different from the Berlin Conference of 1884-1885?

.....

.....

(b) How did the pan African conferences organised help Africans to demand for their independence?

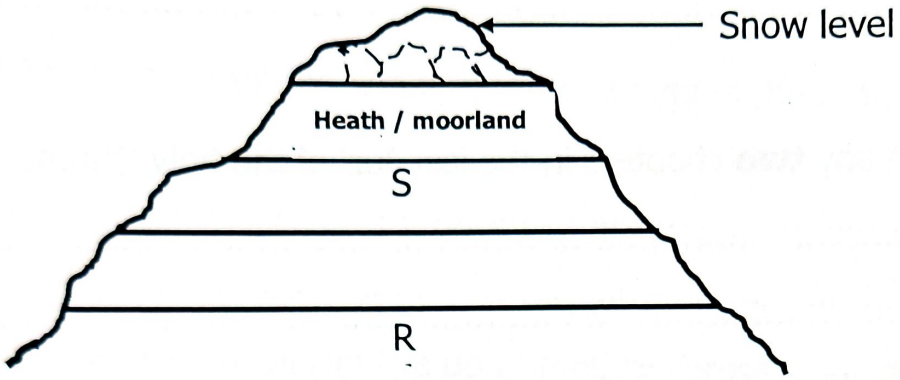

.....

(c) Mention any **two** problems faced by pan Africanists in their struggle for independence.

(i).....

(ii).....

0. Study the diagram below and answer the questions about it.

(a) Name the climatic region experienced in the mountainous areas of Africa.

.....

(b) State any **two** economic activities carried out in the vegetation zone labelled **R.**

(i).....

(ii).....

(c) Give the main animals that live in zone **S** that mainly feed on bamboo shoots.

.....

For each of the questions **51** to **55**, answer **EITHER** for Christian **OR** Islamic question but not both. **No marks** will be awarded to a candidate who attempts both alternatives on a particular number.

51. **EITHER:**

a) Name any **two** books in the bible that were written by Moses.

(i).....

(ii).....

b) State any **one** way the message written in the bible is different from the message written in other books.

.....

c) Mention **one** reason why you would advice your friend to read the bible on a daily basis.

.....

OR:

(a) Mention any **two** chapters in the last Juz' of the holy Quran.

(i).....

(ii).....

(b) State any **two** reasons why you would advice a Muslim friend to read the holy Quran on a daily basis.

(i).....

(ii).....

52. EITHER:

(a) Define a prayer?

.....

(b) State any **two** types of prayers said by Christians.

(i).....

(ii).....

(c) Identify any **one** request made from the Lord's prayer.

.....

OR:

(a) Define salat?

.....

(b) Name the salat said to a dead Muslim.

.....

c) Mention any **two** obligatory prayers said by Muslims in a day.

(i).....

(ii).....

3. EITHER:

(a) State **two** reasons why mother Teresa is remembered in the history of Christianity.

(i).....

(ii).....

(b) Mention **two** ways a P7 pupil can live up to mother Teresa's standard.

(i).....

(ii).....

OR:

(a) State **two** reasons why caliph Umar bin Khattab is remembered in the history of Islam.

(i).....

(ii).....

(b) Mention any **two** ways a P7 candidate can live up to caliph Umar Bin Khattab's standard.

(i).....

(ii).....

54. EITHER:(a) Who is a prophet in Christianity?

.....

(b) Mention any **two** major prophets in Christianity.

(i).....

(ii).....

(c) Why were some prophets considered to be prophets of doom?

.....

OR:

(a) Who is a prophet in Islam?

.....

(b) Name any **two** prophets who received holy books in Islam.

(i).....

(ii).....

(c) Why did prophet Mohammad migrate to medina?

.....

55. FOR BOTH:

(a) Define the term **Reconciliation**?

.....

.....

(b) State **two** traditional ways of reconciliation.

(i).....

(ii).....

Why would a Christian or Muslim friend need to reconcile with you?

.....

.....

.....

d) Who di

SECTION B: 50 MARKS

Questions 51 to 55 carry ten marks each

51. **Read the passage below and then answer, in full sentences, the questions that follow.**

One Saturday, I went with my mother to Kyebando Food Market which is one of the biggest in our sub-county. I had a hen which my grandmother gave me when it was a chick. I went to sell it so as to buy myself a pair of shoes for Christmas. Mother went with me so as to purchase various food items.

On our way, we met farmers and traders bringing different items to the market. By ten O'clock, we had reached the market. At the market entrance, there was a rope stretching from one side to the other. This blocked people from entering the market directly.

Mother had to pay some coins to the gentlemen who later allowed us in. Many other people were already at the market with different commodities heaped on the ground and others were in the stalls. Some traders sang songs to attract as many customers as possible.

We sat down in the tree shade and waited anxiously for customers. Some customers tried to bargain but mother said it was little money they were giving us. Later, a young man offered thirty thousand shillings which we accepted. We then moved through the crowd. Mother held my arm and we went where the shoes we being sold. She helped me to make a choice. I paid ten thousand shillings for it. I gave the balance to my mother and then moved happily back home.

Questions:-

a) On which day did the writer go to the market?

.....

b) With whom did the writer go to the market?

.....

c) Why did the writer go to sell his hen?

.....

.....

.....

h) Give another word or group of words with the same meaning as the following underlined words in the passage.

(i) purchase .....

(ii) crowd.....

(iii) Give a suitable title to this passage.

.....

52. **Read the poem below carefully and in full sentences, answer the questions that follow.**

Every day and every night
Rivers of tears run down our cheeks
And our hearts tremble with fear
Every time the media exposes
The ruthless people's evil deeds

Why the belief of all things
That sacrificing children is the shortest route
To the world wealth and treasure
Instead of lambs or bulls
Like it was in Abraham's days.

May the blowing wind spy on you

Till the day you leave this world

Your wick soul will be paraded before God

For He will judge you for your deeds

And the souls of the innocent children rest in peace

Mayenga Joseph

Questions:-

a) When do tears run down people's cheeks?

.....

b) What happens to the hearts of the people?

.....

.....

c) What is exposed in the media according to the poet?

.....

.....
