SECTION B: 50 MARKS

51 Read the passage below and in full sentences answer the questions that follow.

There are many hurdles in the education system, some of them are common to all levels in the education sector, while others apply to only particular levels.

One of these hurdles can be paying fees as required by the institution. The amount of fees paid is decided upon by the governing body of that institution. As if this is not enough, one has to put on uniform designed in a certain way.

Secondly, the most challenging part is the issue of examinations. If there was a chance to decide, the majority would not accept this monster. There are always a lot of reasons given by the majority who hate it.

They say that examinations don't cater for the skills and talents like public speaking, football, music dance and drama.

I personally think, exams are not the right way of making an individual move from one level to another. A lot of injustice has come up e.g cheating and faking results.

I end by saying that a new system of evaluating or assessing learners must be introduced.

Developed from the revised curriculum Manual.

Questions

52- Read the poem below and answer the questions that follow in full sentences.

School holidays are here
No more homework and class
To stress us as it used to be
We can now play and have fun
And do things we love the most.

School holidays are here
We can now relax
From long time sitting
At the desks in the classrooms
Listening to our teachers.

School holidays are here
No more school bells
The only thing at school
That brings joy to us
When it is rung.

Dear fellow pupils
Use the school holidays profitably
Read your books and rest
Make good memories that will last
While avoiding bad groups.
