Mr. Mugambe has been a famous carpenter for the last thirty years in Lirongwe town, Masindi district. At the age of seventy, he can still strongly hammer nails to fix hard wood and make durable and useful furniture.

I learnt of him one day when he came to our home to mend the broken sofa seats. He could fix the pieces of wood and made the chairs back to their original shape.

Being the only experienced carpenter in the village, most of the houses have doors and windows made by him.

Mr. Mugambe is not jealousy and selfish. You can easily interview him and learn the way he fixes timber to make nice furniture. He has taught his sons and daughters all the carpentry skills. He has also taught so many people in the village the carpentry skills and are now good carpenters.

Many people earn income in Mr. Mugambe's village. The youth no longer seek jobs instead, they are job creators. After my primary seven, I intend to join his carpentry workshop to learn the skills of making good furniture.
