Item 1

Citizen Vibe is a new radio station in your home town. This station has dominated the entire community as many youths, adults and the business people tune in for the latest update in music, fashion, and news among others. Many have argued that Citizen Vibe has gained ground because the station is purely committed to using the indigenous language in all its programs. Secondly, the station highly corroborates with the kingdom of the area and all the programs of the kingdom are played live on Citizen Vibe. It is also said that by tuning in to Citizen Vibe, one is assured of getting quality updates that are entertaining and educative. You have been called to one of the popular youth programs called **"My Culture is my pride".** The focus will majorly be on **"Challenges facing indigenous languages in Uganda today".**

Task.

Write the ideas that you will share to the listeners on the challenges that indigenous languages are facing in our country (300**-400 words**)

SECTION B

ITEM 2

Mamonde village is one of the many villages that carry out mob justice. The natives seem to have lost trust in the judicial system. Many innocent people have lost their lives in this village due to acts of mob justice which is a big threat to the community at large. Although this is highly discouraged by authorities and the constitution of Uganda, people continue to do this inhumane act. A research committee has been instituted to conduct thorough research in Mamonde village on this act of mob justice. The findings from this research will be used by the people in authority to help cub the habit. As a member of the research committee, you are to directly head data collection,

Task:

Write the different data collection methods that you intend to use while collecting data from the community.

ITEM 3

Star High School is one of the many secondary schools found in your community. The school is located just next to the town and many students who come to the school purely come from the town. This school has the biggest number of students in the community. This is due to the fact that the school is government aided and the school fees is relatively low. Star High School boasts of a large student enrollment, but they registered deteriorating academic performance over the years. The school management of Star High School has blamed the deteriorating academic performance on **escapism** of students. A committee of 10 members has been put in place to investigate the issue of deteriorating academic performance in Star high school. As a committee member, you have been asked to write a research plan that will guide your research.

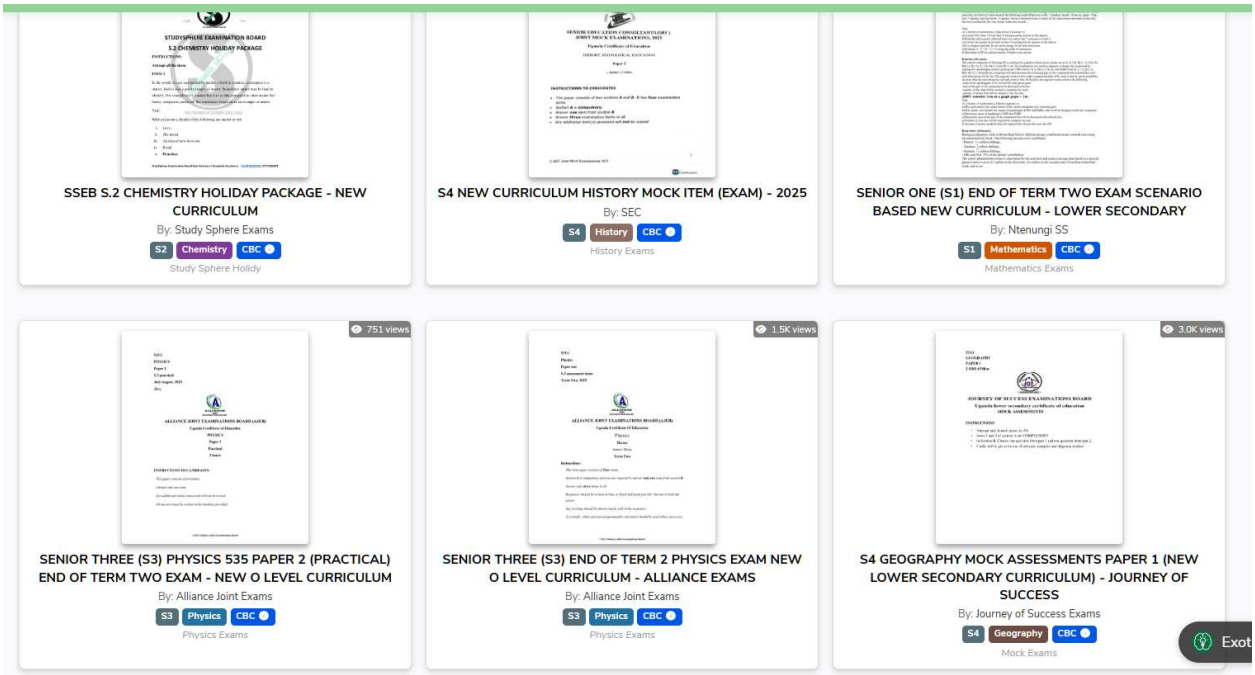

Task:

Write a research plan that the committee will use to conduct an investigation on the deteriorating academic performance in the school.
